

Guide Academy Drop-Off & Pick-Up Map

To ensure the safety of our students and respect for our neighbors, we ask that you please follow these important reminders during drop-off and pick-up:

1. **Do NOT block driveways.** Please be mindful not to park in front of our neighbors' driveways at any time.
2. **Follow traffic flow.** Do not come from the wrong direction. Please enter and exit the way shown on the attached map.
3. **Keep the line moving.** Pull forward as other cars leave to avoid creating gaps in the line.
4. **Quick pick-up.** Once your child is in the car, please exit promptly. This is not a time for standing around or chatting.
5. **Parking areas.** You may park along Citron St. or in the alley designated for Guide Academy parking. Please note that Chestnut St. is for drop-off and pick-up only.
6. **Share with all drivers.** It is very important that this information is shared with **everyone who may be picking up your child**, including grandparents, older siblings, or other family members.
7. **Safety first.** Please ensure children enter the vehicle from the **right side of the car** (the sidewalk side) to avoid danger.
